## Request for Proposals

To whom it may concern,

The Juniata Business and Industry, Inc. Board of Directors is soliciting proposals for the removal of the excess topsoil that is left over from the construction of the new phase of the Juniata County Industrial Park.

Axis Surveying performed a topo of the pile and has calculated that there is approximately 10,655 cubic yards of topsoil to be removed from the site. Any interested parties are welcome and encouraged to run their own calculations of the pile as the figure stated above is for informational purposes only and by no way will JBI be held accountable to that figure.

The proposal is to include all means and methods necessary for the removal of the excess topsoil in a timely manner. Any damage to JBI property that may occur during the removal of the excess topsoil will be the responsibility of the contractor. The awarded contractor will also be responsible for maintaining the cleanliness of the site/roadways during the removal of the topsoil. The awarded contractor will also be required to supply JBI with a certificate of insurance.

Please submit all proposals to Juniata Business and Industry, 287 East Industrial Dr. Suite #101, Mifflintown, Pa, 17059 by no later than 3 P.M. on Wednesday February 8th. All proposals should be in a sealed envelop clearly stating RE: Topsoil Proposal. All proposal will be opened during the February Board of Directors meeting on Thursday February 9th.

If there are any questions please contact Fred E. Naylor, Secretary of Juniata Business and Industry, Inc. at [fred@jbi.org](mailto:fred@jbi.org) or call (717) 436-8201.

Thank you for your potential interest and we look forward to receiving a proposal.

Sincerely,

The Juniata Business and Industry, Inc. Board of Directors
